Description

Recent B.Tech graduate with strong knowledge in Python development, HTML, CSS, and Oracle SQL. Passionate about developing responsive web applications and solving practical problems through clean and efficient code. Equipped with strong communication, leadership, and time management skills along with hands-on project and internship experience.

Academic Details

- SSC – Sri Venkateswara Children's High School – 9.52 CGPA
- Intermediate – Sri Chaitanya Junior College, Tirupati – 6.7 CGPA
- B.Tech – Siddharth Institute of Engineering and Technology – 7.46 CGPA

Skills

Technical Skills: Python, HTML, CSS
Database: Oracle SQL
Soft Skills: Communication, Time Management, Leadership
Tools: Lovable, Google AI Studio, GitHub

Projects

- **Student Management System** – Developed a web-based application using Python, HTML, CSS, and Oracle SQL to manage student records. Implemented modules for adding, updating, deleting, and searching student information with a clean user interface and secure database connectivity. Demonstrates CRUD operations, backend integration, and basic full-stack development concepts.
- **Personal Portfolio Website** – Designed and developed a responsive portfolio website using HTML and CSS to showcase skills, certifications, projects, and contact details. Added structured sections, modern layout styling, and mobile-friendly responsiveness to improve usability and professional presentation.

Internships

- AI and ML Internship – Embrizon Technologies
- IoT – Data Valley

Other Certifications

- Cisco Certified Network Associate (CCNA) – Indian Tech Keys
- PCB Design – Indian Tech Keys
- Embedded Systems – Dhara Global Solutions
- NPTEL on IoT – 7.9 CGPA
